

Full Booking Service

If you would rather not handle all the client contact and administration work involved in renting out your gite yourself, you can appoint Gite Holiday France, on an annual basis, to do this for you at a very low cost.

We simply place our own contact details on your gite listing page, handle e-mail, fax and telephone enquiries coming from the Gite Holiday France website and negotiate bookings on your behalf. We send out booking forms and collect deposits and/or full payments on your behalf and as per your instructions. You can even place the e-mail address that we will issue you.... yourgitename@gite-holiday-france.co.uk... on other forms of advertising you carry out... even forwarding e-mails from your own website if you have one.

All monies received by us in connection with your rentals, will be either put into your bank account (UK or French), or posted to you immediately, as will our commission due statement. Yes, you pay us in arrears... we do not touch your money, nor do we get paid if you do not!

**Cost - £35.00 one off set-up fee + 15% of the rental values we book.
There is no monthly or annual fee.**

This Full Booking Service is available as an extra when advertising your gite on the Gite Holiday France website. If you would like this service, please tick the appropriate box and add the initial set-up cost to your remittance, when applying for your gite advert.

Thank you.
