

Temporary Booking Service

Going on holiday yourself? Need to take a break from handling your enquiries and gite bookings for a short period because of other commitments? Then you can appoint Gite Holiday France to handle everything for you on a temporary basis... whenever you want... as often as you want.

As with our Full Booking Service, we simply place our own contact details on your gite listing page, handle e-mail, fax and telephone enquiries coming from the Gite Holiday France website and negotiate bookings on your behalf. We send out booking forms and collect deposits and/or full payments on your behalf and as per your instructions.

All monies received by us in connection with your rentals, will be either put into your bank account (UK or French), or posted to you immediately, as will our commission due statement. Yes, you pay us in arrears... we do not touch your money, nor do we get paid if you do not!

Once set-up, to activate or de-activate your Locum service, a simple password protected e-mail, phone call or fax instruction is all that is needed. We do the rest.

Costs - £35.00 one-off set-up fee + 15% of the rental values we book plus £5.00 per change to our contact details or to yours. There is no monthly or annual fee.

**The one-off cost of £35.00 is only charged the first time we set up this service for you. Your locum service can be switched on and off at your behest, for a supplementary cost of just £5.00 each time we have to change the contact details, to yours or ours.*

This Temporary Booking Service is available as an extra when advertising your gite on the Gite Holiday France website. Please tick the appropriate box and add the initial set-up cost to your remittance, when applying for your gite advert.

Thank you.
